I. Concise, concrete description of personal feat of arms or merits

Having discovered a machine gun in a pillbox that was hindering our infantry's advance, gun commander Jr. Sergeant Shumilov I. I. immediately opened fire and, in spite of shelling from enemy mortars, he personally took over the gun, relieving the gunlayer, and blasted the pillbox and destroyed the machine gun.

In a single day, [his] anti-tank gun silenced three machine gun nests, an enemy observation post, and a machine gun position in a house.

He expends shells economically; each round is delivered only on-target.
