I. Brief and specific description of the personal feat or merits

During the period of the Patriotic war, sailor SHEMYAKIN served as an anti-aircraft machine-gunner on the patrol motor boat CKA-509. He participated in many motor boats missions: defended against the enemy air raids during the period 1941-1942 while patrolling the lokanga harbour and water ways, and near Arkhangelsk during August - September 1942.

Comrade SHEMYAKIN steadfastly manned and maintained his battle station during the stationing in Murmansk during the period January - April 1943.

On 26 April 1942, while manning his battle station during a patrol tour, comrade SHEMYAKIN was the first to spot a group of 16 enemy bomber aircrafts. Two of the enemy aircrafts diverted from the group and attacked the motor boat. Comrade SHEMYAKIN reported immediately this to the boat commander and opened concentrated machine-gun fire at the leading enemy aircraft. Comrade SHEMYAKIN's well placed fire forced the enemy aircraft to abandon its bomb run and allowed the boat to initiate fully the combat counter-measures.

Thanks to his vigilance and resourcefulness, the enemy air attack was successfully deflected.

Comrade SHEMYAKIN's courage and bravery inspires the rest of the motor boat crew for further combat feats.

He is devoted to the cause of the Lenin-Stalin's party.

He deserves state award - medal "USHAKOV".
